

Eastside Genealogical Society

Eastside Genealogical Society presents: Too Many Marys: Solving Identity and Same Name Conundrums

Our speaker: Jill Morelli
Thursday, November 12, 2020 at 7:00 pm PST
Via Zoom----watch for the link

About our program: Three types of identity issues will be described with case studies and strategies for a successful identification for each.

About our speaker: Jill Morelli, CG, started researching many decades ago because she didn't know one of her grandmother's names and was afraid she would "lose the women." Jill loves teaching and engaging with attendees through lectures, webinars and workshops. She specializes in 19th century Midwestern and Scandinavian research.

Thanks to the Bellevue Friends of the Library for funding this presentation.
