Eastside Genealogical Society presents: Researching in England Using the Internet

Our speakers: Godfrey and Merry Ellis
Thursday, January 13, 2022 at 7:00 pm PST
Via Zoom---watch for the link

About our speaker: Dr. Ellis has been tracing his genealogy and English family roots, off and on, since adolescence. Merry is related to the same Mayflower Pilgrim Fathers as Joseph Smith and Winston Churchill, and has lines extending to England, France, Germany, and French-Canada. They have visited ancestral locations in England on several occasions.

About our program: This class emphasizes tools currently available online, or about to become available for family history research in England. It briefly presents websites for modern or period English maps, the use of English church parish records and bishops transcripts, Free BMD searches of the Civil Registration, GENUKI, on-line access to the British census, websites to search for wills, graves, and monumental inscriptions, the on-line Booth Poverty Maps of London, and help through various other English websites.

Everyone is welcome---we hope you will join us.
